

REMARKS

Applicant has amended the first page of the Specification to provide a reference to the earlier filed applications for which benefit is sought. In addition, Applicant has amended the Specification to include on a *separate page* of the instant application, the abstract of the parent International Application PCT/US03/01426, published as WO 03/062264 on July 31, 2003. No amendments to the claims have been made at this time.

The name of the Inventor is listed incorrectly in the publication of the International Application PCT/US03/01426, and on the enclosed notification of missing requirements. The name of the Inventor should be listed as MATTHEW A. SPEAR, as shown on the copy of the Request from PCT/US03/01426 (attached hereto at Tab 1), and on the executed Declaration included herein.
